## *Caregiver Ongoing Education (COE)*

---

The Child Welfare Education Partnership at Granite State College (CWEP) offers classes through Caregiver Ongoing Education (COE) for licensed foster parents, adoptive parents, CASA volunteers, relative caregivers, residential staff, Head Start staff, family violence prevention specialists, State staff, and more.

Participating in a class hand-in-hand with the families you are working with is a win/win, helping you assist them with the challenges they may be working through.

DCYF staff are invited and encouraged to attend COE classes. Courses are FREE of charge to DCYF staff, funded through federal and state sources.

Most COE classes are offered online with a few scheduled face-to-face throughout the state.

Please visit [Caregiver Ongoing Education course schedule](#) page for a complete listing of courses, course descriptions, and to register for courses.

---
